Preface	P-1
Executive Summary	ES-1
Chapter 1 Lake Michigan LaMP Overview: Program Structure, Scope,cale, and Public Involvement	
1.1 About This Chapter	1-1
1.2 About the LaMP – Why	1-1
1.3 About the LaMP – Who	1-2
1.4 About the LaMP – Program Structure	1-2
1.4.1 Management Committee	1-2
1.4.2 The Technical Coordinating Committees	1-3
1.4.3 The Lake Michigan Monitoring Coordinating Council	1-3
1.4.4 The Lake Michigan Forum	1-3
1.5 About the LaMP- How	1-4
1.5.1 The Document and Reporting	1-4
1.5.2 Science and Models: The Lake Michigan Mass Balance Project	1-4
1.6 About the LaMP – Scope	1-5
1.7 About the LaMP – Where	1-6
1.8 The LaMP Document – Organization	1-9
1.9 The LaMP Document – Public Involvement	1-10
1.9.1 Public Comments	1-11
1.9.2 Next Steps	1-12
Chapter 2 Lake Michigan Lakewide Management Plan: Vision, Goals, and Ecosystem Objectives	
2.1 About This Chapter	2-1
2.2 The Goal Development Process	2-1
2.3 The Goal Structure of the Lake Michigan LaMP	2-3
2.4 Linking LaMP Goals to Beneficial Use Impairments	2-3
2.5 Linking LaMP Goals to Indicator Development	2-5
2.6 Linking LaMP Goals to Monitoring and Reporting	2-6
2.7 Linking LaMP Goals to Effective Implementation	2-7
2.8 Linking LaMP Goals to Other Initiatives and Efforts	2-7
2.9 Linking LaMP Goals to Partners and Stakeholders: Examples	2-9
GLOSSARY	2-13

Chapter 3 Indicators and Monitoring of the Health of the Lake Michigan Ecosystem

3.1	About This Chapter	3-1
3.2	Environmental Indicators	3-1
3.3	Monitoring in the Lake Michigan Basin	3-21

Chapter 4 Lake Michigan LaMP: Current Status of the Ecosystem, Beneficial Use Impairments, and Human Health

4.1	About This Chapter	4-1
4.2	Current Status of the Lake Michigan Ecosystem	4-1

4.2.1 Atmospheric Component of the Lake Michigan Ecosystem 4-7

4.2.1.1	The Atmosphere's Influence on Lake Michigan	4-7
4.2.1.2	Atmospheric Interaction Within the Lake Michigan Ecosystem ..	4-8
4.2.1.3	Current Status of Lake Michigan's Airshed	4-9

4.2.2 Status and Assessment of Lake Michigan Habitats 4-12

4.2.2.1	Open Waters	4-16
4.2.2.2	Coastal Wetland System	4-24
4.2.2.3	Inland Wetland System	4-27
4.2.2.4	Tributary System	4-29
4.2.2.5	Coastal Shore System	4-31
4.2.2.6	Lakeplain System	4-36
4.2.2.7	Inland Terrestrial System	4-40

4.2.3 Wildlife 4-43

4.2.4 Human Systems 4-48

4.2.4.1	Swimming	4-49
4.2.4.2	Fishing	4-55
4.2.4.3	Hunting	4-62
4.2.4.4	Boating	4-63
4.2.4.5	Lake and Landscape Observation	4-64
4.2.4.6	Water Consumption (including diversion)	4-67
4.2.4.7	Summary of Human Health Issues	4-71

4.2.5 Economic Vitality 4-72

4.2.5.1	Water Used for Industrial and Agricultural Purposes	4-72
4.2.5.2	Commercial Navigation	4-75

4.3 Overview of Lake Michigan Status and Management Needs 4-82

4.3.1	Research and Information Gathering	4-82
4.3.2	International Protection Initiatives	4-83

4.3.3	Protection Initiatives	4-83
4.3.4	Restoration	4-84
4.3.5	Recommendations	4-84
4.4	Overall Assessment	4-85
Chapter 5 Lake Michigan Stressor Sources and Loads		
5.1	About this Chapter	5-1
5.1.1	Physical Stressors	5-5
5.1.1.1	Overview of Physical Stressors	5-5
5.1.1.2	Land Use	5-5
5.1.1.3	Other Physical Stressors	5-12
5.1.1.4	Sources of Data and Information	5-16
5.1.2	Biological Stressors - Aquatic Nuisance Species and Pathogens	5-17
5.1.3	Pathogens	5-26
5.1.3.1	Introduction	5-26
5.1.3.2	Overview	5-26
5.1.3.3	Effects	5-27
5.1.3.4	Sources and Loadings in the Basin	5-28
5.1.3.5	Sources of Data and Information	5-28
5.1.4	Chemical Stressors	5-30
5.1.4.1	Identifying Lake Michigan Critical Pollutants	5-30
5.1.4.2	Other Pollutants of Interest	5-31
5.1.4.3	Sources of Data and Information	5-38
5.2	Overview of Stressor Sources	5-41
5.2.1	Point Source Discharges	5-41
5.2.2	Atmospheric Emissions	5-42
5.2.2.1	Air Deposition	5-43
5.2.2.2	Long-Range Transport of Pollutants	5-43
5.2.2.3	Status and Current Efforts Underway	5-43
5.2.2.4	Data Gaps Identified	5-46
5.2.3	Legacy Sources	5-46
5.2.3.1	Contaminated Sediments	5-46
5.2.3.2	Contaminated Land and Groundwater	5-49
5.3	Stressor Loading and Effects	5-50

CONTENTS (Continued)

Lake Michigan LaMP

5.3.1	Trends in Habitat Loss	5-50
5.3.1.1	Trends in Agricultural Land Use	5-50
5.3.1.2	Trends in Urban Growth/Sprawl	5-51
5.3.1.3	Trends in Mineral Extraction Practices	5-52
5.3.1.4	Special Management Issues	5-52
5.3.2	Biological Stressors	5-53
5.3.2.1	Trend in Aquatic Nuisance Species	5-53
5.3.2.2	Trends in Human Pathogens	5-53
5.3.3	Chemical Stressors	5-55
5.3.3.1	Polychlorinated Biphenyls	5-55
5.3.3.2	Dioxins/Furans	5-64
5.3.3.3	Dieldrin/Aldrin	5-70
5.3.3.4	Chlordane	5-74
5.3.3.5	DDT and DDT Metabolites	5-78
5.3.3.6	Mercury	5-82
5.3.3.7	Inorganics	5-90
5.3.3.8	Hexachlorobenzene	5-97
5.3.3.9	Toxaphene	5-100
5.3.3.10	PAHs	5-104
5.3.3.11	Atrazine	5-109
5.3.3.12	Selenium	5-115
5.3.3.13	PCB Substitute Compounds	5-118

Chapter 6 Strategic Action Agenda: Next Steps

6.1	About This Chapter	6-1
6.2	Next Steps	6-21

Addendum

6-A	Lake Michigan Strategic Action Plan Objectives and Actions
6-B	Lake Michigan AOC RAP Priorities

Appendix

A	POLICIES, PROGRAMS, AND REGULATIONS
B	PHYSICAL AND CHEMICAL PROPERTIES
C	HUMAN HEALTH
D	MAJOR STAKEHOLDERS AND PARTNERS RESPONSIBLE FOR MANAGEMENT OF THE LAKE MICHIGAN BASIN ECOSYSTEM
E	LAKE MICHIGAN TMDL STRATEGY PLANNING DOCUMENT
F	LAKE MICHIGAN AREAS OF CONCERN
G	OVERVIEW OF THE LAKE MICHIGAN BASIN

H REGION 5 GUIDE FOR DEVELOPING ENVIRONMENTAL GOALS,
MILESTONES, AND INDICATORS

ACRONYMS AND ABBREVIATIONS

GLOSSARY

BIBLIOGRAPHY

Figures

<u>Figure</u>		<u>Page</u>
1-1.	Lake Michigan Areas of Concern	1-7
1-2.	Lake Michigan Lakewide Management Plan Organization Structure	1-14
4-1.	Atmospheric Sources of Pollutants	4-9
4-2.	Critical Ecosystems in the Lake Michigan Watershed	4-13
4-3.	Threatened and Endangered Species in the Lake Michigan Basin	4-15
4-4.	1997 Beach Closures and Advisories	4-52
5-1.	Lake Michigan Primary Ecosystem Stressors and Sources	5-1
5-2.	Lake Michigan LaMP Subgoals	5-3
5-3.	Land Use of the Lake Michigan Shoreline (1978)	5-13
5-4.	Sediment load via tributary discharge histogram	5-35
5-5.	Phosphorous load via tributary discharge	5-36
5-6.	Counties within the Lake Michigan Basin	5-42
5-7.	Loads of PCBs to Lake Michigan (EPA No date[i])	5-59
5-8.	LMMB Estimates of PCB Air Deposition to Lake Michigan (EPA No date[i])	5-61
5-9.	Lake Michigan Basin Annual Atrazine Use Estimates Used in Mass Balance Model	5-113
6-1	Strategic Groupings	6-7

Tables

<u>Table</u>		<u>Page</u>
2-1.	End Point Subgoals	2-4
2-2.	Means to End-Point Subgoals	2-4
2-3.	Lake Michigan LaMP - Goals and Beneficial Use Impairments (BUI) Cross Walk	2-5
2-4.	Lake Michigan LaMP Summary Table (Chapter 2)	2-14
3-1.	Environmental Indicators	3-3
3-2.	Lake Michigan Indicators	3-24
3-3.	Lake Michigan LaMP Summary Table (Chapter 3)	3-29
4-1.	Distribution of the Approximately 300,000 Acres of Coastal Great Lakes Wetlands in the U.S.	4-25
4-2.	Swimming, Secondary Contact and Aesthetics/Industry Designated Use Impairments on Lake Michigan	4-50
4-3.	Bacteriological Water Quality Standards and Total Advisories/Closures 1993-1998 for Lake Michigan States -- for the State of Michigan this chart includes beach advisories and closures for Lakes Huron, St. Claire and Erie	4-51
4-4.	Pathogens and Swimming-Associated Illnesses	4-53
4-5.	Fish Species Found in Lake Michigan	4-55
4-6.	Commercial Fish Catch for Lake Michigan (Percentage by Weight) (1996)	4-57
4-7.	Recreational Harvest of Salmonines from Lake Michigan, 1986 - 1996	4-57

4-8.	Fish Consumption Designated Use Impairments on Lake Michigan (miles)	4-59
4-9.	Wildlife Refuges and Game Areas in the Nearshore Areas of Lake Michigan.....	4-62
4-10.	Lake Michigan Shoal Acreages.	4-63
4-11.	Lake and Landscape Observation Areas in the Nearshore Areas of Lake Michigan	4-66
4-12.	Public Water Supply Uses of Lakes Michigan Water	4-68
4-13.	Drinking Water Supply Designated Use Impairments on Lake Michigan (miles)	4-68
4-14.	LaMP Goals and Pathways of Exposure	4-71
4-15.	Industrial and Agricultural Uses of Lake Michigan Water (1992)	4-74
4-16.	Agriculture/Industry and Aesthetics Designated Use Impairments on Lake Michigan (miles)	4-75
4-17.	Summary of Commerce at Federal Harbors on Lake Michigan	4-76
4-18.	Summary of Dredging Activities at Federal Navigation Projects on Lake Michigan	4-78
4-19.	Confined Disposal Facilities for Lake Michigan Harbors and Channels	4-81
4-20.	Lake Michigan LaMP Summary Table (Chapter 4)	4-86
5-1.	Aquatic Nuisance Species Found in Lake Michigan	5-18
5-2.	Exotic Species in Lake Michigan	5-21
5-3.	Causative Organisms of Waterborne Diseases	5-26
5-4.	Lake Michigan LaMP Pollutants	5-32
5-4.	Lake Michigan LaMP Pollutants	5-33
5-5.	Human Pathogens in Lake Michigan	5-53
5-6.	PCBs Discharged to Individual Water Bodies (1990 to 1999)	5-57
5-7.	PCB Air Deposition Estimates	5-59
5-8.	Estimated PCB Load From Lake Michigan Tributaries (EPA No date[j])	5-63
5-9.	Dioxin Emissions from Wood and Coal Combustion	5-67
5-10.	Emission Factors for Household Waste Combustion in Burn Barrels	5-68
5-11.	Dioxin Generated from Household Waste Combustion in Burn Barrels	5-68
5-12.	Modeled Air Deposition and Waterborne Inputs of Dioxins and Furans to Lake Michigan ..	5-69
5-13.	Estimated Clean Sweeps Collections of Dieldrin in the Great Lakes Drainage Basin	5-71
5-14.	Estimated Clean Sweeps Collections of Aldrin in the Great Lakes Drainage Basin	5-71
5-15.	Average Annual Concentrations of Dieldrin at the IADN Lake Michigan Master Station ..	5-72
5-16.	Fluxes of Dieldrin to Lake Michigan	5-72
5-17.	Estimated Clean Sweeps Collections of Chlordane in the Great Lakes Drainage Basin	5-75
5-18.	Atmospheric Half-Lives and Virtual Elimination Dates at Sleeping Bear Dunes	5-75
5-19.	Estimated Trans-nonachlor Loads From Lake Michigan Tributaries	5-77
5-20.	Estimated Clean Sweeps Collections of DDT in the Great Lakes Drainage Basin	5-79
5-21.	Air-Water Exchange Rate for DDT in Lake Michigan	5-80
5-22.	TRI Mercury Releases Reported in the Lake Michigan Basin (Pounds)	5-84
5-23.	Mercury Discharges in the Great Lakes Basin, July 1991-June 1993	5-85
5-24.	Estimates of U.S. Mercury Emissions (Tons)	5-86
5-25.	Estimates of Atmospheric Deposition of Mercury in Lake Michigan	5-87
5-26.	Estimated Mercury Loads From Lake Michigan Tributaries (EPA No date[i])	5-88
5-27.	RAPIDS Data on Air Emissions in the Lake Michigan Basin	5-92
5-28.	TRI Data on Releases of Inorganics (Pounds)	5-93
5-29.	Net Atmospheric Loading of Lead in Lake Michigan	5-93
5-30.	Dry deposition fluxes (mg/km ² -h) to Lake Michigan	5-94
5-30a.	Dry deposition fluxes (lb/mi ² -h) to Lake Michigan	5-94
5-31.	Number of Observations from the Western Lake Michigan Drainages that Equaled or Exceeded OMEE LEL Concentrations in Sediment	5-95
5-32.	Contaminated Superfund Sites and AOCs in Lake Michigan Basin	5-96

5-33.	Contaminant Concentrations in Indiana Harbor and Lake Michigan	5-97
5-34.	Estimated Clean Sweeps Collections of Toxaphene in the Great Lakes Basin	5-101
5-35.	National PAH Emissions	5-106
5-36.	TRI Annual PAH Releases	5-107
5-37.	B[a]P Load to Lake Michigan, 1988 to 1996	5-108
5-38.	B[a]P Load to the Great Lakes Basin	5-108
5-39.	Measured Concentrations (ng/L or ppt) of Atrazine in Lake Michigan	5-111
5-40.	Average Annual Inputs and Losses in kg/yr (lb/yr) of Atrazine for Lake Michigan	5-112
5-41.	Estimated Atrazine Loads From Lake Michigan Tributaries (EPA No date[j])	5-114
5-42.	TRI Data on Releases of Selenium	5-116
5-43.	Lake Michigan LaMP Summary Table (Chapter 5)	5-122
6-1	Examples of Short-Term Actions	6-9
6-2	Lake Michigan LaMP Summary Table (Chapter 6)	6-23
